

The major advantage of the Columbia spa is its grand-scale interior, which can provide relaxation for up to seven people and it is ideal for large families or for those who enjoy lounging in such a pleasant environment with their friends. Columbia provides the maximum quantity of therapeutic positions, including the HammamComplex jet set for the Turkish massage and a very unique place for massaging the lower thigh. Columbia also offers a raised cooling seat, which can be used by your children as well. If you have no space restrictions, this spa is the right choice for you.
